

EAR SAVER MASK EXTENDER FOR GLASSES

DESCRIPTION: THD Ear Saver Mask Extender for glasses is a useful tool for those who wear sunglasses or eyeglasses; indeed, it avoids the pressure of elastic bands on ears and allows for a better adherence of the mask to the shape of the face and head as well as for an easier positioning and usage. It is particularly useful for children.

FEATURES:

- It avoids the pressure of elastic bands on ears.
- It allows for an easier positioning and usage of the face mask to fit the shape of the wearer's face and head.
- Made of nontoxic material.
- Sold in packs of 6 pieces.
- Patent pending.
- Colour: black.

EAR SAVER ADJUSTABLE MASK EXTENDER

NOTE: The picture has the sole purpose of showing the product: the ear saver adjustable mask extender can be transparent or coloured.

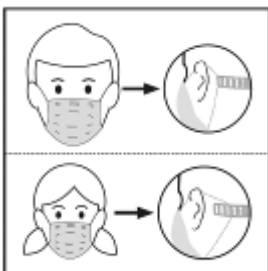

DESCRIPTION: THD Ear Saver Adjustable Mask Extender is a useful tool to avoid the pressure of elastic bands on ears and to improve the adherence of the mask to the shape of the wearer's face and head as well as to allow an easier positioning and use of it.

THD Ear Saver Adjustable Mask Extender allows to adjust the tension of the face mask elastic bands and facilitates a better adherence of the mask to the face and head shape. THD Ear Saver Adjustable Mask Extender is particularly useful for children.

FEATURES:

- It avoids the pressure of elastic bands on ears.
- It allows for an easier positioning and usage of the face mask to fit the shape of the wearer's face and head.
- Made of nontoxic material.
- Sold in packs of 3 pieces.
- Suitable for adults and children.
- Colour: black, transparent, pale pink
